Friends;

The enemy is approaching  
do you know where he's from?  
Why he's from South Africa  
And, welcomed here by some.

They say they wish to come here  
To play their Rugby game  
We know the reason really is  
to try to clear their name.

We all know they represent  
Murder and general decay  
But yet this country welcomes them  
What's Rugby anyway?

We ask you to join us  
To fight these racist dogs!  
Demonstrate against the tour  
And their friends, the capitalist hogs!

Now I write to tell you  
of a definite plan  
To nip it in the bud,  
and throw them out of this land.

We'll gather up in masses  
We've got to let them know  
The Sprinboks will not play here  
The Springboks have got to go!!!!

Sincerely,

STOP THE APARTHEID RUGBY TOUR COALITION!!!!
