PHI SIGMA

Founded in 1878

Founded in 1878, the Society of Phi Sigma is believed to be the oldest continuing group of its kind in the State of Illinois. It was organized originally by boys who were members of a high school debating society (recently graduated) to promote the serious discussion of the national and world scene and related aspects of the social-ethical disciplines, and thus to reflect and satisfy the interests and concerns of alert minds striving for enlightenment through study and discourse. (The Greek letters Phi and Sigma do, in fact, initial the ancient admonition, "Love Thou Wisdom.")

Membership is now limited to fifty persons, who gather together in each others' homes, where the presentation of papers serves as a basis for spirited questioning and interpretive comment from all members. Phi Sigma continues today very much in accordance with its long traditions, with perhaps more emphasis in recent years on the international urgencies of our times. Meetings are held once monthly, on the second Friday, of October through May (excepting December), the last being the occasion for a festive "May Party!"
