People who soar are those who refuse to sit back, sigh and wish things would change. They neither complain of their lot nor passively dream of some distant ship coming in. Rather, they visualize in their minds that they are not quitters; they will not allow life's circumstances to push them down and hold them under.

The remarkable thing we have is a choice every day regarding the attitude we will embrace for that day. We cannot change our past... We cannot change the fact that people will act in a certain way. We cannot change the inevitable. The only thing we can do is play on the one string we have, and that is our attitude.

I cannot even imagine where I would be today were it not for that handful of friends who have given me a heart full of joy. Let's face it, friends make life a lot more fun.

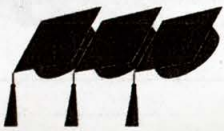

— Charles Swindoll

It is amazing how much people can get done if they do not worry about who gets the credit.

— Sandra Swinney
